## DO NOT REGISTER WITH THE FAA YET (?)

If any of you have not seen the latest email from the AMA, regarding the registering of your aircraft, they have suggested postponing doing so. The AMA is doing battle with the FAA on our behalf and is making strong suggestions as to how and if we must register at all. Check out the AMA website for more details. I'm sure there will be some discussion of this matter in our Jan meeting. I urge you ALL to make an effort to attend this meeting.

## December Meeting Minutes

No minutes recorded due to Christmas dinner party.

## MERRY CHRISTMAS

Well, it's the end of the year and hopefully, every one has had a good one.

The Christmas dinner meeting this year at Big Whiskey's on Republic Road and there was a delectable menu from which to order.

The only real club business was to install the officers to their respective positions. Once that was accomplished, we all were able to begin the Christmas feast. The usual conversation and comradery was complimented by the addition of wives and children. Everyone looked to be having a good time and this was a great way to end the year.

## Note From The Editor

As always, I encourage you all to send me any hobby related safety, building, or tech tips for publication.
